

Process Piping Services:

- » Carbon, stainless, and alloy pipe fabrication and installation
- » Complete job setup with accurate job forecasting
- » Emergency on-site repair
- » Mechanical skid-mounted assembly packaging
- » Medical gas piping installation
- » Open-atmospheric vessel manufacturing
- » Orbital welding
- » Professional engineering design reviews
- » Steam, chemical, and gas process piping fabrication
- » Structural steel fabrication
- » HVAC piping and repair
- » Boilers
- » Chiller plants
- » Refrigeration
 - Glycol
 - Ammonia
- » De-aerated water
- » Steam
- » Chillers
- » Boilers
- » Heat exchangers
- » Compressed air

Brewing up New Process Piping Solutions. One Brewery at a Time.

Brewery customers need process piping solutions that meet the unique needs of brewery environments. DeBra-Kuempel is backed by over 70 years of mechanical, electrical, and plumbing experience and a state-of-the-art, fully equipped fabrication facility. DeBra-Kuempel's licensed and certified process piping specialists can design, build, fabricate, install, and service virtually any brewery system on the market today.

Extensive Experience

Our experience for U.S. breweries includes process piping for two of the most respected brands in the country. Additionally, we also have extensive experience in food processing plants.

Outstanding Safety

DeBra-Kuempel has an outstanding safety record, with a safety program administered by six full-time safety personnel. We follow all good manufacturing practices (GMPs), and DeBra-Kuempel process piping experts are certified in sanitary welding.

Exceptional Workmanship

To ensure consistent high quality, our workmanship meets major industry standards. Our welders are qualified to A.S.M.E. Code.

Brewing System Experts

DeBra-Kuempel offers a full suite of fabrication capabilities and can work on the following brewing systems:

- » Product
- » Pasteurizer
- » CIP piping and packaged skid systems
- » Yeast harvest/waste systems
- » Wort
- » CO2 recovery, vents
- » Kettle tanks
- » Fermentation tanks
- » Keg fillers
- » Bottle fillers
- » Pre-engineered packages
- » Mix-proof valve manifolds
- » Nitrogen dosing equipment and piping
- » Transfer panels
